Notes:

- Court advises parties that it intends to deny second motion for preliminary injunction (#79) w/o prejudice, with the understanding that propriety of preliminary relief will be considered in connection with parties' motions for summary judgment. Parties do not object to this manner of proceeding. Therefore, motion for preliminary injunction denied w/o prejudice. (Def's. related motion to file oversize brief (#91) is granted.)
- Parties' motion to extend discovery + dispositive motion deadlines granted. (#116)
